Subject: TTB Notice No. 4

As a state legislative representative for Miller Brewing Company, I support TTB's proposed rulemaking in favor of flavored malt beverages being defined as such only if brewed in the traditional way. I believe the proposal clarifies that if an FMB product is sold it will be beer in the traditional sense and by establishing a consistent definition on a nationwide basis of FMB, it will help consumers, retailers, wholesalers and manufacturers avoid an inconsistent patchwork of state and local regulations that may define FMBs differently on a geographic basis.
