Brian, please send the email below to the following address. The company needs to inundate this agency with responses to their proposed actions. It's a long story relating to the liquor industry who want a different standard that brings confusion into the market place, which is just what they want. Thanks, Dad

Dear Chief, Regulations and Procedures Division:

I am writing in support of the proposed 0.5 percent standard for flavored malt beverages.

The proposed standard is the best way to maintain clear distinctions between beer and liquor and it is the best way to preserve the flavored malt beverage category.

Thank you.
